Subject: **Letter of Recommendation
Fast Track Expansion
Beaufort National Cemetery
Beaufort, SC**

Dear Mr. Yeh:

Thanks again for all that you have done for the Beaufort National Cemetery. The project that you recently completed was critical to our mission and provided much needed capacity for our location. You addressed all issues that were brought to your attention with decisive action and professionalism. More importantly, throughout the construction phase, you and your subcontractors managed this project with great sensitivity to the families who were grieving for their loved ones. You showed compassion for these families even though your construction schedule was difficult.

Although complicated issues developed throughout this project, you handled these problems head-on and provided solutions to us. You maintained constant communication with us throughout the construction period and addressed issues with careful thought. We appreciate small businesses such as International Public Works that can deliver construction services at the level of quality that we expect.

We appreciate your overall performance on this project and would look forward to working with International Public Works again in the near future.

Sincerely,

Bernard P. Bowse
Director
