Subject: **Letter of Recommendation  
Career Services Building – Exterior Painting  
The Citadel  
Charleston, SC**

Dear Mr. Yeh:

Thanks again for completing the exterior painting to the Career Services Building project for The Citadel on time and within budget.

The service and quality of workmanship was truly appreciated. Throughout the duration of the project, you kept our office informed of the repair status. You also quickly identified field conditions that were not anticipated and submitted a solution that was agreeable to all parties. Your experience and professionalism was demonstrated throughout the project.

The Career Services building looks great and we hope to do business with International Public Works again soon. If you need references in the future, please have them contact our office at 843-953-6878.

Sincerely,

Mark Christenberry  
Building Division Chief  
The Citadel Physical Plant
