RE: LETTER OF RECOMMENDATION FOR IPW

Dear Kai,

I am very pleased to write you this letter of recommendation. With the completion of several projects that you have personally managed on behalf of IPW, your company has become a trusted member of our construction and production team. D.R. Horton has built its' reputation as one of the premier residential builders in the United States because of dependable and professional sub-contractors such as IPW.

Mr. Bryan Rembert, the Project Manager, for this project is extremely knowledgeable and has been a valuable asset to us. The technical advice he provides enables D.R. Horton to complete critical path tasks on time. Avoiding unnecessary rework is an immeasurable savings for us, and clearly IPW understands the impact they play. Your company's promptness and attention to detail keeps us ahead of schedule and provides us the type of service that goes above and beyond industry standards.

The following are a few of the successful projects that your company has performed for D.R. Horton, Inc.

Project Name	Lots	Estimated Value of the Project
South Gate	90 lots	\$16,000
Arrow Head	300 lots	\$90,000
The Farm	1100 lots	\$385,000

I wish International Public Works, LLC all the success in their future endeavors and look forward to a long and profitable relationship together.

Sincerely,
D.R. Horton, Inc.

Brad Brundage, P.E.
Regional Land Development Manager
