January 12, 2004

I highly recommend International Public Works for any facilities maintenance or construction work that your firm may need they help with. We recently completed a large re-roofing job with them and are very pleased with their work. They presented a reasonable bid for the work, started the job on time, ended on time, and completed the work with no cost overruns. We had one change-order in the middle of the job which they easily accommodated.

It was a pleasure doing business with Mr. Kai Yeh and International Public Works. If you need any further information, please feel free to contact me at (843) 881-5978.

Sincerely,

Bob Howard
Director of Operations
