## **RE: Letter of Commendation**

Dear Kai:

It is with great pleasure that I write this letter of commendation for the outstanding performance on the engineering and construction guidance given to my firm on the renovation and construction of our new office.

Cyrus Sinor, the Engineer for this project, proved to be extremely professional and knowledgeable in all phases of construction and engineering. His attention to detail, and overall thoroughness, positively impacted all aspects of the project. Thanks to his consciousness, the engineering budget was greatly reduced resulting in a tremendous savings for the firm.

Cyrus worked closely with me ensuring that needs of the company were met and at the end of the project everyone was extremely pleased with the outcome and the appearance of the building.

International Public Works, LLC should take pride in their good work. Again, I take pleasure in commending this extraordinary engineering and construction firm.

Respectfully,

Thomas O. Sanders, IV
