Dear Mr. Sinor:

I would like to thank you and your team for your work at the SunTrust Coosaw Branch in North Charleston. Everyone has been impressed by the quality of the work, the professionalism of your team, and the timely completion of the project.

Coosaw is our fifth stand-alone branch in the Charleston area, and we commend you for ensuring the branch was ready for our staff to move in and set up for the highly publicized grand opening.

We are very happy with IPW's performance on this project and look forward to the possibility of working with your company in the future.

Sincerely,
